

Keywords index

| | | | |
|---------------------------------|-------|---|-------------|
| Analysis and modelling | 75 | In-situ testing | 63 |
| Analytical criteria | 53 | Layer formation | 53 |
| Austenitic stainless steel | 69 | Manufacturing and processing Materials | 81,88 53 |
| Chemically active powder | 81 | Nitriding in glow discharge | 53 |
| Computer modeling | 75 | Nitrocarburizing | 81,88 |
| Corrosion in petroleum products | 69 | Oxide layer | 69 |
| Creep behavior | 63 | Properties | 63,69 |
| Cutting property | 88 | Slabs and plates | 75 |
| Durability of tool | 88 | Surface hardening | 69 |
| EBSD | 63 | Thermo-active powder | 88 |
| Fluidization | 88 | Titanic alloy | 53 |
| Fluidized bed | 81,88 | | |
| Forging | 75 | | |
| Heterogeneity | 63 | | |
| High speed steel | 88 | | |
